To the Lafayette County Board of Supervisors,

My name is Ronnie McGinness. I have lived at 329 Wishing Tree Lane since 2008. I am applying to re-zone the unoccupied lots at cr166 from I-2 Heavy Industrial to I-1 Light Industrial. Since the creation of the I-2 Heavy Industrial zone at cr 166, the County Board has zoned the residential communities of Quail Creek, White Tail Landing, Twelve Oaks, Northpointe, Oxmoor, Briarwood, the Gables, Oakmont, and Fieldstone Farms. The Regents School was permitted to move down the hill on top of Berry Branch, 1 mile downstream from the cr166 Heavy Industrial zone. A Montessori school is located with 1.2 miles of the cr166 Heavy Industrial zone. More than 6,000 residents of Lafayette County now live within 2 miles.

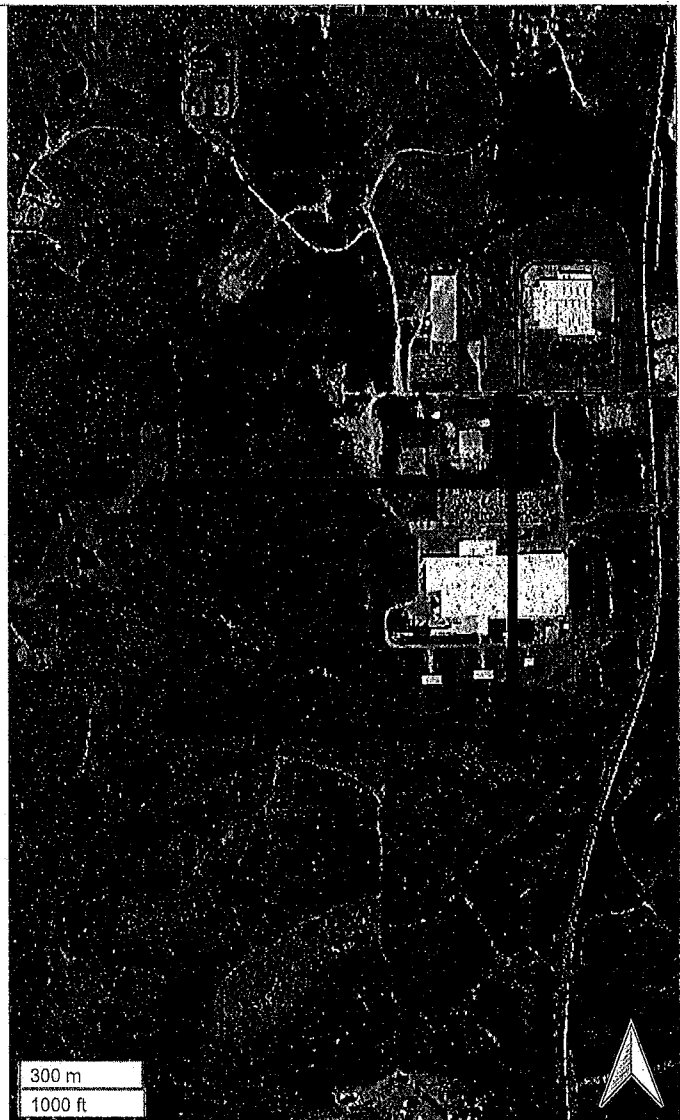

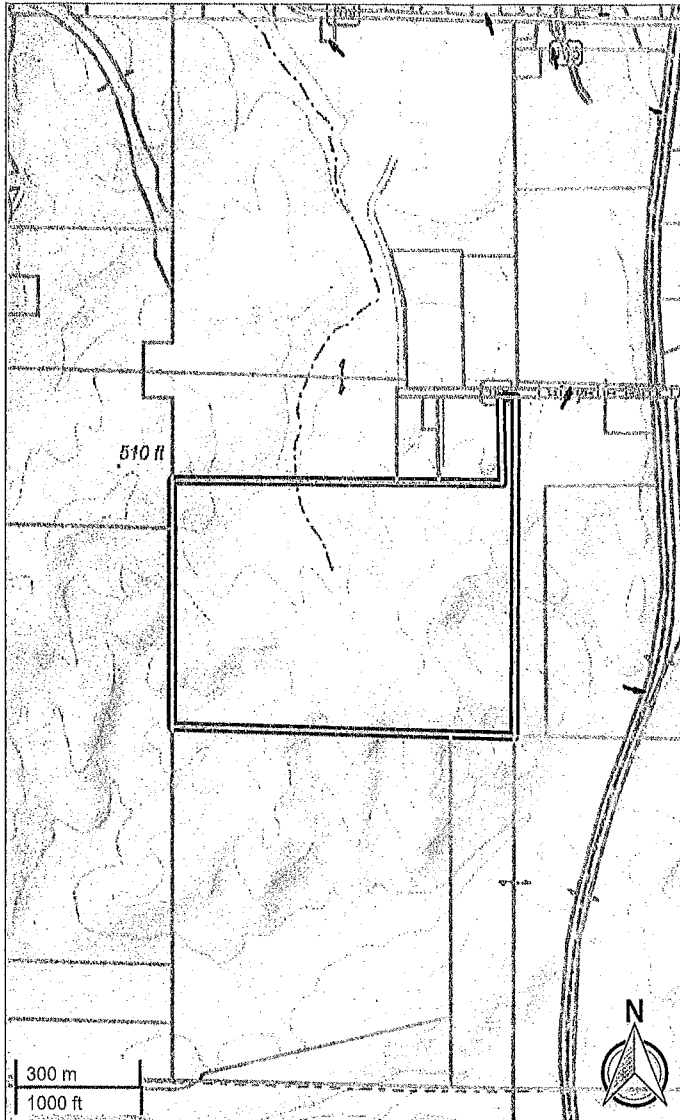

I have an online petition with more than 500 signatures to rezone cr166. I will provide the board with a roll of signatories upon request.

Therefore, under Section 2406.03 of the Lafayette County Zoning Ordinance, the character of the area has changed dramatically to Residential. I am applying the following zones be rezoned to I-1 Industrial Light, with exceptions to current businesses with existing structures in operation.

Parcel id#: 133-08-001.01 ; 133-08-001.02 ; 133-05-024.00 .

To the Board of Supervisors,

I would like to present this petition of Lafayette County residents who signed the petition at change.org. As of this writing, the total number of signatures is 615. 491 were signatures made inside of Lafayette County. I was able to retrieve the addresses of 459 Oxford residents who signed the petition. The difference (491-459=32) are signatories with more difficult addresses to find, such as athletic coaches employed by the University.

Out of the 459 residents, you will find doctors, professors, teachers, realtors, entrepreneurs, nurses, coaches, engineers, therapists, developers, lawyers, campus employees of every type, preachers, veterans, a former congressman, supporters of the Magnolia Montessori school, many retired persons, at least 1 employee of Olin Winchester, and supporters of the Regents school system.

We respectfully petition the Board to reclassify the unoccupied and unimproved parcels situated on CR 166 from I-2 (Heavy Industrial) to I-1 (Light Industrial). This request is predicated on a significant and material change in the character of the immediate vicinity. Specifically, the area has transitioned into a dense residential corridor, further evidenced by the recent establishment of the Regents School infrastructure 1 mile downstream of a Heavy Industrial zone.

I attached the text of the petition signed by 491 residents and a list of their names and addresses. I retrieved 459 addresses through simple Google searches. The petition was not changed or edited in any way.

From all of the Lafayette County residents that signed the petition, thank you for your consideration.

The Issue

Since the establishment of the Heavy Industry zone (I-2) on Industrial Park in 1985, the Lafayette County Board of Supervisors has continued to allow residential development around this area. Over the years, they have authorized zoning changes to Light Residential (R-1) and Medium Residential (R-2), resulting in an influx of new homes being constructed. This has caused a significant population increase, with approximately 2,000 homes now accommodating around 6,000 residents within just a two-mile radius of the Heavy Industry zone.

While growth and development are essential for a thriving community, the proximity of these significant residential areas to the Heavy Industry zone poses potential hazards and inconveniences for residents. Heavy industries often come with pollution concerns, noise issues, and increased traffic, all of which can negatively affect quality of life. Now, the proposal for an asphalt plant to be established in this area threatens to exacerbate these problems.

The current zoning policies which allow such developments are outdated in this context. These policies do not reflect the massive residential growth around the Industrial Park, nor do they consider the impact on the environment and the health of the community. It is crucial that we prioritize the wellbeing of our residents by ensuring that our zoning laws align with current realities and future growth plans.

I urge the Lafayette County Board of Supervisors to rezone the unoccupied lots on Industrial Park and County Road #166 from Heavy Industrial (I-2) to Light Industrial (I-1). This change would prevent the establishment of new heavy industrial projects, such as the proposed asphalt plant, that are inappropriate for this increasingly residential area. By doing so, we can protect local families, preserve our environment, and promote a healthier, more balanced community development.

Please join me in calling on the Lafayette County Board of Supervisors to act responsibly and prioritize the needs of its residents by signing this petition. Let's protect our community's health and way of life by supporting this rezoning initiative.
